## RULES

- All rounds will be run under the auspices of EA or HRC AV rules, these rules can be found at [www.equestrian.org.au](http://www.equestrian.org.au) or [www.hrcav.com.au](http://www.hrcav.com.au)
- To be eligible for the Championship, a horse and rider combination must compete in 6 of the 8 tests available at their level. The levels are; Preparatory, Preliminary, Novice, Elementary, Medium, EA Advanced, Level 5, Level 4, Level 3, Level 2, Level 1 and HRC AV Advanced. You may only compete in one championship at one level. EA Championship previous winning riders can not compete in that level for the championship again. HRC AV riders must ride in their assessed level.
- Horses may enter a maximum of 4 tests per day over 2 consecutive levels, however EA rules state you may only ride 3 EA tests, therefore the 4th may only be a HRC AV test.
- Points are allocated on placings in overall classes—ie, all Preliminary riders (Junior, Open, Pony etc) compete together for Championship purposes, with the highest in each level gaining points—1st = 30 points, 2nd = 29 points, 3rd = 28 points and so on. In the event of a draw, points are split between the two riders (i.e. If 2 riders place =3rd, they split 3rd & 4th placing points)
- Volunteers are required for pencilling, test collection & general assistance—please put names on entry forms. Entries without a volunteer will be rejected. Riders can also list themselves as a volunteer.

### **TEAM COMPETITION RULES: -**

- A team must consist of 4 individual horse/rider combinations, from any division, any age, any level, any club
- Each team member combination must compete at a minimum of 3 of the SE Showdown rounds
- At each round of the SE Showdown, only the best 3 percentages from the team from that round will count towards the tally for the Team Championship
- Teams must be nominated at the time of entering Round 1 of the SE Showdown and cannot be altered once the competition begins
- The final team placings will be decided from the best 3 overall team scores from the 4 possible rounds.
